The form is a vertical orange rectangle with a dashed grid. On the left, a light brown dog is shown in profile, facing left. A speech bubble above its head contains the text 'I'm very Happy!'. Three measurement lines are drawn on the dog: a dashed line around its neck labeled '首まわり' (neck circumference) with a 'cm' input field; a dashed line around its chest labeled '胸まわり' (chest circumference) with a 'cm' input field; and a dashed line from the top of its back to the tip of its tail labeled '着丈' (back length) with a 'cm' input field. To the right of the dog are four horizontal input fields. The first is labeled 'おなまえ' (name) with a paw print icon. The second is labeled '探寸日' (measurement date) with a paw print icon. The third is for the date, with fields for '年' (year), '月' (month), and '日' (day). The fourth is labeled '体重' (weight) with a paw print icon and a 'kg' unit.
